

Tour Groups

Mennonite World Conference encourages you to join an Africa 2003 tour group. These itineraries usually include visits related to the experiences of the tour leader or relevant to the interests of the sponsoring organization. Most tour leaders have experience traveling in Africa and will help participants process their encounter with African culture. All tours include attendance at Assembly Gathered. Some also include an Assembly Scattered element.

Additional tours may be publicized in Mennonite and Brethren in Christ periodicals as well as in *UPDATE*, MWC's occasional newsletter about Africa 2003.

Each entry includes the following information: tour sponsor or travel organization; tour leader(s); tour dates; brief itinerary; gateway airport; contact for further information.

Many of the tour groups are arranged by MTS Travel or one of the cooperating travel agencies on the following list. You are invited to contact these agencies for further information where indicated.
